Honesty On each exam day I am going to give you two examinations, one in chemistry and one in honesty. I hope you will pass them both, but if you must fail one, let it be chemistry, for there are many good people in this world today who cannot pass an examination in chemistry, but there are no good people in the world who cannot pass an examination in honesty.

Chemical biology is a scientific discipline spanning the fields of chemistry and biology. The discipline involves the application of chemical techniques, analysis, and often small molecules produced through synthetic chemistry, to the study and manipulation of biological systems. In contrast to biochemistry, which involves the study of the chemistry of biomolecules and regulation of biochemical ...
