The only chance of a lossless conversion from PDF to XML is to use a target XML vocabulary which has the same view of documents that PDF has. Since PDF's view of documents is focused primarily if not exclusively on presentation, and the usual motivation for the design of XML vocabularies like Docbook is to capture higher-level abstractions, you face two difficulties: (1) presentation-oriented ...

Extensible Markup Language (XML) is a markup language that defines a set of rules for encoding documents in a format that is both human-readable and machine-readable. The W3C's XML 1.0 Specification and several other related specifications "all of them free open standards" define XML.. The design goals of XML emphasize simplicity, generality, and usability across the Internet.
