In his television series How Music Works, Howard Goodall presents theories that human rhythm recalls the regularity with which we walk and the heartbeat (Goodall 2006, 0:03:10). Other research suggests that it does not relate to the heartbeat directly, but rather the speed of emotional affect, which also influences heartbeat.

In music, groove is the sense of propulsive rhythmic "feel" or sense of "swing". In jazz, it can be felt as a persistently repeated pattern. It can be created by the interaction of the music played by a band's rhythm section (e.g. drums, electric bass or double bass, guitar, and keyboards). Groove is a significant feature of popular music, and can be found in many genres, including salsa, funk ...

Cassie, I need to know what her teacher means by the word "musicality". Sometimes it means the ability to hear the beat. But dancers usually use it to mean hearing something in the music, like an accent or a riff or a mood; then artistically interpreting that musical element with a movement of the body.

Although each stream looks alike outwardly, they are vastly different. The one on the left is known in our literature as the Sons of Cain. They are full of positive energy and are the craftsmen of the world, the three-messen, who carve their way through life, rather enjoying the obstacles which they know strengthen the character; they
