Modular origami is a type of origami where two or more sheets of paper are folded into units, modules. The units are then assembled to create amazing geometric shapes.

Modular Origami Diagrams - Origami Resource Center

Modular origami is the latest craze in paper folding! These three-dimensional models are created from a number of small pieces of paper that are easily folded and then cleverly fit together to form a spectacular shape. They range from paper polyhedra to bristling buckyballs that are reminiscent of sea urchins to ornate flower-like spheres.
