Kantian ethics refers to a deontological ethical theory ascribed to the German philosopher Immanuel Kant. The theory, developed as a result of Enlightenment rationalism, is based on the view that the only intrinsically good thing is a good will; an action can only be good if its maxim "the principle behind it" is duty to the moral law. Central to Kant's construction of the moral law is the ...

1. Aims and Methods of Moral Philosophy. The most basic aim of moral philosophy, and so also of the Groundwork, is, in Kant's view, to "seek out" the foundational principle of a "metaphysics of morals," which Kant understands as a system of a priori moral principles that apply the CI to human persons in all times and cultures. Kant pursues this project through the first two chapters ...

1. Issues from Hume's Predecessors. Hume inherits from his predecessors several controversies about ethics and political philosophy. One is a question of moral epistemology: how do human beings become aware of, or acquire knowledge or belief about, moral good and evil, right and wrong, duty and obligation?

In philosophy, moral responsibility is the status of morally deserving praise, blame, reward, or punishment for an act or omission performed or neglected in accordance with one's moral obligations. Deciding what (if anything) counts as "morally obligatory" is a principal concern of ethics.. Philosophers refer to people who have moral responsibility for an action as moral agents.
