If the music above is at about your level, then I know of one huge classical music collection that will knock your socks off! (so to speak. . .) It's the "Library of Easy Piano Classics" (there are two volumes in the series) and it is one of the only collections of easy classics that I recommend. Excellent arrangements (that's kinda important, eh?), perfect clarity on the page, spiral binding ...

It sounds like a very technical idea, but basic harmonic analysis just means understanding how a chord is related to the key and to the other chords in a piece of music. This can be such useful information that you will find many musicians who have not studied much music theory, and even some who don't read music, but

who can tell you what the I ("one") or the V ("five") chord are in a certain ...

Given the wide range of styles in European classical music, from Medieval plainchant sung by monks to Classical and Romantic symphonies for orchestra from the 1700s and 1800s to avant-garde atonal compositions for solo piano from the 1900s, it is difficult to list characteristics that can be attributed to all works of that type. However, there are characteristics that classical music contains ...

Body piercing, a form of body modification, is the practice of puncturing or cutting a part of the human body, creating an opening in which jewelry may be worn or where an implant could be inserted. The word piercing can refer to the act or practice of body piercing, or to an opening in the body created by this act or practice. It can also, by metonymy, refer to the resulting decoration, or to ...
