The Emergent Task Planner (ETP) is a paper-based daily planning sheet designed to keep you focused in the face of chaos. Start the day by declaring what you want to get done, and the ETP helps you stick to the plan by with task, time, and scheduling support. Because it's paper, it's easy to keep your task list in view without fiddling with computer screens.

The Emergent Task Planner [PDF] David Seah, the maker of the Emergent Task Planner (ETP), says getting anything done in a day can be difficult if you're in a job where interruptions and new events keep popping up. The ETP is meant to get at least three things done even in such rapidly-changing environments.

### **7 Single-Page Productivity Planners to Organize Your To-Do**

Since I started my binder obsession I've had a few different requests. One I kept hearing was for a medical binder. But I've put it off because I wasn't sure that I could make it work for everyone. I finally threw caution to the wind and just went for it. I asked for some advice about what to include. I will continue to add to it as I get more suggestions or see a need for add ons.
