The National Health Service (NHS) is the name used for each of the public health services in the United Kingdom – the NHS in England, NHS Scotland, NHS Wales, and the affiliated Health and Social Care (HSC) in Northern Ireland – as well as a term to describe them collectively. They were established together in 1948 as one of the major social reforms following the Second World War.

National Health Service - Wikipedia

National health insurance (NHI) – sometimes called statutory health insurance (SHI) – is a system of health insurance that insures a national population against the costs of health care. It may be administered by the public sector, the private sector, or a combination of both. Funding mechanisms vary with the particular program and country.

Six in ten Americans live with at least one chronic disease, like heart disease, cancer, stroke, or diabetes. These and other chronic diseases are the leading causes of death and disability in America, and they are also a leading driver of health care costs. At CDC, our job is to make it easier for all Americans to make healthy choices so they can enjoy life.
