Definitions and terminology Alternative medicine. Alternative medicine is defined loosely as a set of products, practices, and theories that are believed or perceived by their users to have the healing effects of medicine, but whose effectiveness has not been clearly established using scientific methods, or whose theory and practice is not part of biomedicine, or whose theories or practices ...

A pet or companion animal is an animal kept primarily for a person's company, protection, entertainment, or as an act of compassion such as taking in and protecting a hungry stray cat, rather than as a working animal, livestock, or laboratory animal. Popular pets are often noted for their attractive appearances, intelligence, and relatable personalities, or may just be accepted as they are ...
